CITY COUNCIL ROUNDS OUT MANY ACTIVITIES

Although stripped of all cash in the general fund by the previous administration and having to borrow money to operate the government, the city council was rounding out a series of activities under trying circumstances.

The government has instructed the tax collector to prepare a record of delinquent taxes going back 27 years. How the council will collect these taxes was not disclosed. A contract may have to be made.

Suits will be instituted if necessary. Need for funds to operate the government may be met if these collections can be made. Regular taxes will be coming due by October.

It was estimated that the government gave away and paid out around $20,000 from the general fund on the eve of Mayor McCullin's taking the oath of office along with two new aldermen. Among the expenditures was payments for a truck and street maintainer which had been scheduled to be financed by warrants.

An ordinance has been drawn to be submitted on July 2 requiring building permits to cost $1.00 on all construction from $100 up. A tie-in to the sewer line will be a condition of the permits. As one alderman put it, "we don't want to increase our arleady 700 surface toilets."

The city has in effect an ordinance now requiring sewer connections but has never enforced it. Will it be enforced in the future?

The sanitary department is cleaning up a bit and 133 of the ofal pits have been serviced. A charge of 50c is made. Fines, they say, will be imposed if the law is not complied with in the future.

Drainage is under way. One area has been drained and another is being drained on 27th street. The city will announce soon pick-up dates for garbage and waste, including tin cans. When this is done you may telephone the Mayor or August Horstmann.

A large section of the city is without water or fire protection and the key rate is 87 per cent deficient.

Candidates Petition Democrat Committee To Forego Speakings

The Democratic Executive Committee at its meeting on June 17 received a petition signed by 13 candidates requesting that no public speaking schedule be sponsored by the committee.

Acceding to the request and in consideration of other factors, the committee voted unanimously to not sponsor speaking dates this year.

The committee, while realizing that each community may arrange an entertainment at any time it chooses and can invite the candidates, requests that they be not asked to speak.

In the view of the committee the country is still at war and transportation is now more difficult due to the fact that while gasoline is available, cars are two years older than when the committee last met.

Polls Open at Seven Under Amended Law; 12 Hours of Voting

Polls will open at 7 a.m. instead of 8 a.m. in the coming primary elections due to an amendment enacted by the legislature.

Full 12 hours of voting will be had under the new schedule. The new voting time is regarded as important because it permits those who are working to vote before the usual hour to begin with their jobs. Heretofore with the polls opening at 8, late voting was quite a problem.

Election managers and clerks are being paid $1.00 more this year than in past primaries.

Since the state committee has not seen fit to make policy the executive committees are following the statutes. Election laws should not be enacted by the legislature to govern political parties. The state and national committees should govern.

ELECTION MANAGERS FOR PRIMARIES ARE NAMED

The following have been named election managers for the July and August Democratic Primary Elections by the Executive Committee:

Cameron No. 1—to be named; Cameron No. 22—Mrs. Roy Baskin; Curry, — Frank B. Durnie; Salem—John House; Ad Hall—Ed. Schmidt; Elm Ridge—Frank Tomek; Rice School House—Dorothy Pressley; Minerva—A. P. Brannon; Marlow—E. H. Walston.

Maysfield—Willard Cooper; Jones Prairie—J. A. McKinney; Baileyville—J. M. Askew; Branchville — Roy Yates; Clarkson—John Matyastik; Briary—Horace Bozeman; Belmena—Jesse Hickman.

Milano—O. T. Bullock; Gause — L. S. Cunningham; Hanover—C. M. Pierce.

Rockdale—Irma Dunnington; New Salem—E. F. Burney; Eagle—Bennie Mundine; Bethlehem—Mrs. S. R. Baldridge; Gay Hill—Roy Clark; Sandy Creek—W. E. Corder; Sandy Grove—Charles Pierce; Bushdale — August Seidl.

Davilla—Lee Garrett; Lilac—Val Nemec; Tracy — Marvin Charles; Sharp—J. P. Petty; San Gabriel—H. E. Felton; Crush—Rufus Cryer; Friendship—Graham Looney.

Buckholts—Jack Barnes; Sandy Ridge—Wallace Wright.

Burlington—Fritz Weid; Ben Arnold — H. D. Carmicheal; Walkers Creek—R. T. Delahunty; Marak — John Marak, Jr.; Yarrellton—Jim Mann; North Elm—E. A. Russell.

Salty—Hugh Caffey; Conolley — Gus Dickerson; Watson Branch—Joe Barber; Thorndale—Tom Beard.

The number of clerks authorized for each of the voting precincts will be stated in a letter to be mailed to the election managers by the Chairman of the Executive Committee. The county now has only 46 voting precincts. Oak Hill Watson Branch and Sandow have been combined and the new precinct is Eagle No. 17.

Horston Hess of Buckholts was in Cameron recently.

NEW ASSESSMENT PLAN ADOPTED BY COMMITTEE

A new and permanent system for assessing ballot fees has been set up by the Democratic Executive Committee for the county.

The current assessments are made on a basis of two per cent of the total salary and the committee adopted this plan as one of absolute fairness.

Chairman J. B. White, in preparing the budget for the July and August Primaries made a salary survey and recommended the new system. Under this plan every candidate pays the same rate and the same amount in proportion to his earnings. In the case of 4-year offices the candidate was required to pay 2 per cent on the salary for the full term and two-year candidates were required to pay the same.

In the case of Precinct offices still under the fee system the same plan is followed. In some cases the officials failed to make their annual reports for the past two years and in fixing their ballot charges is was necessary to estimate.

The budget for 1946 is higher due to a number of factors. The committee has always paid election managers and clerks the same rate as the general election pay. There is no law to govern the amount a Democratic Executive Committee shall pay. In the July and August Primaries this year the election managers will receive $6.00 and clerks will receive $4.00 whereas they formerly received $5.00 and $3.00 respectively. The committee voted to pay the Executive Committee Chairman a small salary of $25.00 per month and the chairman has paid a ballot fee for the first time. Generally election supplies are higher this year.

Chairman White hopes to be able to make a refund to the candidates after the primaries are over, but this will depend on how close the budget can be trimmed.

In the future if more candidates file the percentage of assessment will be lowered. County Commissioner candidates have been hiked in their assessments because their salaries were increasd $700 per year.

Heavy Penalty For Failure to Register Firearms in the U. S.

The Alcohol Tax Unit has been designated as the enforcement agency for violations of the National Firearms Act. To comply with this Act, certain firearms, as defined by Section 2733, I.R.C., must be registered with the Commissioner of Internal Revenue, Washington, D. C.

Thousands of firearms which came within the meaning of this Act have been brought into the United States by returning military personnel. A penalty of not more than $2,000.00 or imprisonment for not more than five years, or both, is provided for failure to comply with the provisions of the Act. Therefore, if you have any firearms which should be registered, you should communicate with Alvin A. Stewart, Investigator in Charge, Alcohol Tax Unit, 1116 South Texas Bldg., San Antonio 5, Texas giving the following information as to each firearm:

1. Make (German Mauser, Italian Beretta, etc); 2. Type (pistol, rifle,

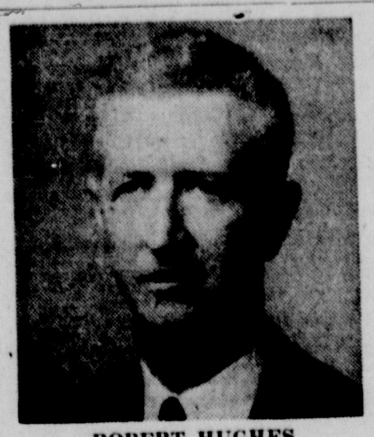
COMMUNITY PLAY NIGHT PROGRAM IS EXPANDED

Community Play Night sponsored by the Youth Center movement here is to be expanded to include outlying communities.

The next meeting of the sponsors will be on Tuesday night, July 2. The young people will meet at the central city park to enjoy social dancing at the pavillion. There will also be tennis, dominoes, darts, checkers and a bicycle race, said W. H. Dismukes, chairman of the committee.

Important now is the plan to have community nights. Each community will be given a night and they will be asked to bring in the young people to join with Cameron and other communities in a program of wholesome entertainment. Rural communities are especially invited to attend.

The committee members are: W. H. Dismukes, Mr. and Mrs. Dan Collins, Mr. and Mrs. John Henry Wilson and Miss Shirley Horstmann.



ROBERT HUGHES

ROBERT HUGHES ENTERS APPELLATE POST RACE

Robert G. Hughes of Tom Green county, has announced his candidacy for Associate Justice of the Third Court of Civil Appeals, which sits at Austin.

Mr. Hughes has been a practicing attorney in San Angelo since 1926, having been City Attorney there for eight years and District Attorney for more than two years ,resigning the later office in favor of Ralph Logan in February 1946. Logan had vacated the office to enter the navy.

Reared at Hico, Texas, Hughes received his law degree from the University of Texas in June 1926 and the same month moved to San Angelo to begin the practice of law. He is licensed to practice in all State and Federal Courts.

Mr. Hughes served two years in the navy in the first World War.

Mr. and Mrs. Hughes have four children.

The Third Supreme Judicial District comprises 24 counties, ranging from Sterling on the northwest to Comal on the southwest and to Fayette on the southeast and Williamson on the northeast.

The incumbent is Judge Malory B. Blair who has held this office for more than 23 years and is seeking re-election.

The Prize Pig Story Is Related By Milano 4-H Club Boy Member

Earl Bullock, a 4-H Club boy at Milano, comes forward this week with the best pig story in years. He is the son of Joe Bullock of Milano and has been very successful in pig raising.

After reading the story about the sow on the Frank Tomek farm that farrowed 17 pigs, young Bullock cops the prize for the best pig story as follows.

A medium bone Duroc Jersey sow on the Bullock farm has just brought forth her 5th litter of pigs. In the first litter there were 12 pigs and he raised nine of them; second litter 12 pigs and raised nine; third litter 14 pigs and raised nine; fourth litter 14 pigs and raised eight; fifth litter 17 pigs and raised 11.

Of the fifth litter there are 8 gilts and three males and they are now five months old and well on their way to the pork barrel this winter. The sow is four years old.

AIRPORT CONTRACT IS MADE BY CITY THURSDAY

The city has concluded a contract with LeRoy Mills of Marks, Mississippi, to manage the municipal airport.

Mr. Mills was due in Cameron soon to talk over further details and to make plans to activate the field for traffic.

Mr. Mills is a flyer and has had experience as a trainer of men in the air corps for the army.

The contract will insure all needed improvements and management of the field.

City Court Imposes 17 Fines in 17 Cases

Mayor McCullin has tried 17 cases in city court and 17 fines have been imposed.

These cases occured within the first 30 days of his administration. Since that ime there have been few cases. It was agreed that the new policy of enforcing respect for law was paying off and this seems to have been proven by the falling off of arrests.

The council was happy to commend City Marshal McGoldrick, John Eanes, C. V. Huffman and the new policeman, Mr. Harper .

J. W. Davis, Former Agent Here, Was In Baker Hotel Explosion

J. W. Davis, former Agricultural Agent for Milam county, and the husband of the former Miss Louise Robbins, who is the daughter of Mrs. Kathryn K. Robbins, was registered at the Baker Hotel in Dallas when the explosion occured at 11:14 a.m. June 17.

Mr. Davis, returned war veteran, now with the A & M college, had returned from Ames, Iowa where he was consulting on research work, arrived in Dallas around 8 a.m. and being very tired went direct to his room and was awakened by the explosion and telephone operator asking all guests to vacate their rooms.

Mr. Davis soon made his way to the street to witness the efforts to get victims out of the debris. He said when he was roused from sleep he thought of the disastrous Chicago hotel fire and was somewhat shaken by his experiences during the next few minutes.

Mrs. Davis was due to meet him at the hotel but had not arrived when the explosion occured.

RIGHT OF WAY OBTAINED FOR YARRELLTON ROAD

Good news for the people of Marak and Yarrellton and good news for Cameron was contained in the announcement that right of way for the new asphalt road from Splawn to Yarrellton, has been secured.

Chas, Nabors, carrier on Rural Route 1, and who has been active for months on this road project, reported that great progress has been made in securing the right of way and nothing remains to be done before construction can begin.

It was expected that work would be under way during the summer as money has already been appropriated for this road.

Those who have been active in securing signatures to the grants of right of way are Jim Mann, Sam Clark, Leo Laake and Judge Jeff Kemp.

According to Mr. Nabors the plans call for an all-weather bridge across North Elm creek.

The road will not only guarantee an all-weather mail route but will insure commercial and farm traffic as well.

City Votes Marines Right to Fly Over And Drop Literature

Bombers will soon be over Cameron — to drop literature for the Marine recruiting service.

The council on Tuesday night voted to permit the U. S. Marine service to fly bombers over the city to drop recruiting literature.

The request was made by the Marine Recruiting Service. It was not known what type of bomber would be used.

Marjorie Kidd, student at State university, spent the week end here with her parents, Mr. and Mrs. Oscar Kidd.

BAILEY ASKS ANOTHER TERM AS CONSTABLE

B. F. Bailey, constable for Precinct 1, Milam county, is a candidate for re-election, subject to the nominating primary to be held on Saturday, July 27.

Mr. Bailey, in asking for re-election, expressed his appreciation for the cooperation of friends and their pledges of support. He has held this office for a number of terms and his friends say that he is an experienced officer and they point to his record of service.

The office of Constable is important to law enforcement and to the courts and the conduct of its affairs demands a great deal of attention. In asking for re-election Mr. Bailey pledges the people that he will be diligent in the performance of duty and will be on the job at all times.

To succeed in this office the Constable must have the cooperation of the people and Mr. Bailey said he was grateful for the people for their helpful attitude.

Because of the duties of the office and the limited time he may not be able to make an active canvas of the voters. If this should not be possible he takes this means of asking each one for their vote and support, assuring them he will continue to merit their confidence as their Constable.

Temple Increases Pay Of Teachers $50,000; Cameron Refuses $9000

Increased pay for Temple school teachers will cost the tax payers of that city $50,000 a year.

Cameron turned down $9000 for limited increased pay here for its deplorably underpaid teachers.

The new salary schedule in Temple, both white and negro teachers, will total $259,613. The total last year was $199,613.

In Temple teachers without experience and without degree receive base pay of $1500 and those with degree without experience receive base pay of $1900 and those with degree and experience start with $2400.

In Cameron the base pay is as low as $600.

There are too few people in Cameron who think, said a good citizen Tuesday. Not only that, he said, but

He was born and reared in the Marlow community and lived for a number of years in Cameron. Funeral services were held there on Tuesday.

Among the relatives who attended the funeral were Mrs. John B. Dodson and son, John B. Jr., and Mr. and Mrs. Oscar Story, all of Cameron.

River Rouge Tornado Described by Frances Carr, Sister of Mrs. Henry Lippman; Theatre Walls Fall On Top Of Apartment But All Escape with Lives

Mrs. Frances Carr, sister of Mrs. Henry F. Lippman of Cameron, whose husband, Bobby Carr, works in the steel mill near the River Rouge automobile plant at Detroit, Michigan, witnessed the recent tornado with the added experience of having her apartment smashed by the crumbling walls of a theatre. In a letter to Mrs. Lippman she speaks at length of the tornado, under date of June 19:

"After I talked to you yesterday, we went over to see if we could get in our apartment to at least get our clothing out. But they had guards all around and would not let anyone near the place because they were expecting the theatre to fall down on the apartments. Bobby went over to see the police and with a guard and the Mayor, he and his father were able to go up at their own risk to get our clothing, silverware and camera.

"I have never witnessed anything to compare with this tornado. It happened around six in the evening. We had just gotten through with dinner and Bobby was dressed to go to the lodge for his degree as a Mason. He got up from the table and went out to get a shoe shine and had just returned to the house when everything began to get dark. The windows were up in the bed room so I ran to put them down. I no more than reached the window when the other window behind me broke, shattering glass everywhere. Then I realized I was trapped between two windows so the only thing I thought of was to lay down on the floor. I began screaming for Bobby and he came running in and fell down beside me. The next thing we knew the whole roof had caved in and a big stone from the theatre landed next to us smashing the bed to the floor. It was over within a few seconds. We jumped up and started out. During the excitement I had lost my shoes and I walked from the bed room to the living room on nothing but glass and brick before I realized I did not have them on. Bobby ran back and picked up his house shoes and I put them on. We rushed for the living room which was nothing but a pile of bricks and plaster about four feet deep. Bobby managed to get the

Silver Jubilee of Ordination to Priesthood Of Rev. Michael O'Regan To Be Celebrated At St. Michael Parish, Burlington, on July 4

Rev. Michael O'Regan, Pastor of St. Michael's Church, Burlington, and St. Joseph's Church, Cyclone, will celebrate the Silver Jubilee of his ordination to the Priesthood on July 4, 1946. Father O'Regan has been pastor at Burlington for the past four years. During the first three years he also served St. Anne's Church, Rosebud, but during the past year that church has been served from Lott, and Father O'Regan now serves the congregation at Cyclone.

Rev. O'Regan

He was born in Tralee, County Kerry, Ireland, on Nov. 24, 1896. After making most of his studies in Ireland, he came to the Seminary at La Porte, Texas, Nov. 19, 1919. He was ordained there on June 15, 1921, by Most Rev. C. E. Byrne, Bishop of Galveston. His first appointment was at the Sacred Heart Church. Houston, where he served as assistant for one year. He was then appointed pastor at Bay City, Texas. At that time Bay City and the Missions attended from there covered the greater part of three counties. Four priests serve the same territory today. While there he built the church at Wadsworth, and succeeded in having the missions on this side of the Brazos formed into a separate parish by building the churches at Freeport, Danbury and West Columbia. After several years at Bay City, he was appointed pastor at New Waverly. Then he was appointed to organize the missions of Navasota, Hempstead, Waller, and Brookshire, and he built the Parochial residence at Hempstead. Afterwards he spent seven years as Chaplain at Villa de Matel, Houston, the Mother House and Novitiate of the Sisters of the Incarnate Word. He was then appointed to Burlington.

The two congregations of Burlington and Cyclone are working together on the Jubilee, and they are striving to make it the biggest celebration

Ensign James Baskin And Mary Goodrich Are Married In Marlin

Marlin, June 12.—In a setting of ferns and white flowers, at the First Presbyterian church in Marlin Miss Mary Goodrich, daughter of Mr. and Mrs. Nick Whitney Goodrich, was married Wednesday evening to Ensign James D. Baskin, Jr., USN, son of Mr. and Mrs. James Dollar Baskin of Austin. Rev. Joe Spears, former pastor of the First Presbyterian church of Marlin, performed the ceremony.

The bride was given in marriage by her father. She wore a cathedral gown of antique slipper satin with the trailing skirt onto a hip-length fitted bodice with leg-of-mutton sleeves ending in points. The scalloped neckline was outlined with silk corded embroidery and seed pearls. She wore a Juliet cap of the same satin outlined with matching embroidery and fingertip illusion, and sweeping train of matching tulle. She carried a bride's shower bouquet of white orchids and stephanotis.

Her sister, Mrs. Edgar Keeling of Stephenville, and Mrs. Edwin Burton of Beaumont, attended the bride as matrons of honor. Bridesmaids were Mrs. Claude Reaves, Jr., Misses Earle Manor and Mabel Lea Chilton of Marlin, Jane Thompson and Mary Lewis of Taylor, Bitsy Trigg of Dallas, and Bertie Murphy of Eldorado, Ark. Miss Miriam Keeling of Stephenville was junior bridesmaid.

Preceding the ceremony the candles were lighted by Miss Helen Ferguson and Miss Nancy Howe of St. Louis, Mo.

Pat Baskin of Galveston attended his brother as best man. Ushers were Neal King, Mart; Lieut. (jg) Homer D. Smith, Kilgore; Ensign Wesley Caunsey, Jr., Eagle Lake; Ensign Pete Hinkle, Houston; Grady Baskin, Cameron, and Horace Goodrich.

A reception was held at the home of the bride's cousins, the Misses Andrew, Agnes and Sallie Peytons.

Mrs. Baskin's costume for travel was a pearl gray dressmaker suit worn with contrasting hat of penny brown and bag of matching hue. Her shoes of the same color were ornamented with gold leaves and her corsage was of white orchids.

The bride was an honor graduate of Marlin high school, and a student at Mary Baldwin college, Staunton, Va., and the University of Texas, and graduated this spring from the University of North Carolina. She is a member of the Pi Beta Phi. Ensign Baskin is a graduate of the Austin high school. He attended he University of Texas where he was a member of the Delta Tau Delta and received his degree and commission this month from the United States Naval academy at Annapolis, Md.

Miss Virginia Black Weds Novel Young Here Saturday June 15

Miss Virginia Black, daughter of Mr. and Mrs. Dewey Black of Jones Prairie, became the bride of Novel Young ,of Waco, son of Mr. and Mrs. Tom Young of Gatesville, at the home of Mr. and Mrs. Archie R. McLerran, aunt and uncle of the bride, in Cameron at 10:00 o'clock Saturday morning, June 15th. Rev. John Mills, pastor of Little River church read the service in the presence of the immediate families.

Floor baskets held large shasta daisies and fern, and a screen of greenery in front of the fireplace provided an appropriate setting for the occasion.

The bride and groom entered without attendants and were met by the minister who performed the single-ring cremony.

The bride was attired in a navy crepe dress accented with white pique. Her accessories were navy and white, and she wore an orchid corsage.

After the ceremony the guests were invited into the dining room where the bride cut the wedding cake. Mrs. Leona White and Mrs. Sam Lillibridge, sister of the groom, presided in the dining room.

Mrs. Young is a graduate of Cameron high school and attended S.W.T. T.C. at San Marcos and business college at Houston. She has been employed in Beaumont for the past two and a half years.

Mr. Young, a graduate of Gatesville high school, attended S.W.T.T.C. at San Marcos two years before volunteering for service in the United States Navy where he served three and a half years. He received his discharge in April of this year.

Following the reception the couple left for a short honeymoon in Galveston and other points before returning to Waco where he is associated with Central Freight Lines.

Out-of-town guests who attended the wedding were; Mr. and Mrs. W. Tom Young, Mr. and Mrs. Sam Lillibridge and little son of Gatesville; Mr. and Mrs. Dewey Black, Mr. and Mrs. Jack Black, of Jones Prairie, and Davis Black and Janette Morgan of Port Arthur.

Gus Galler Honored On 65th Birthday At Family Reunion June 23

Gus Galler of Thorndale was honored with a birthday celebration on his sixty-fifth birthday on June 23 in the form of a family reunion.

The all-day affair was planned by Mr. Galler's family. The following children were present: Mr. and Mrs. Oscar Galler and son, Mr. and Mrs. Richard Galler and daughter of Houston; Mr. and Mrs. Willard Howard and son, Mr. and Mrs. Rinehold Galler and Leon Galler of San Antonio, Mr. and Mrs. Adolph Janes of Cameron, and Miss Elsie Galler and Otto Galler of Thorndale.

Other guests were Mrs. J. J. Salvert, Mr. and Mrs. Wm. Galler, Miss Gladys Galler of Port Arthur, Mr. and Mrs. Paul Galler of Denton, Mrs. Annie Galler, Mr. and Mrs. Fritz Galler and daughter, Weldon, and Alfred Galler, Mr. and Mrs. J. H. Glacer and family of Temple, Mr. and Mrs. Steve Jansky and family of Taylor, Mr. and Mrs. Robert Jungmann and family, Mr. and Mrs. Johnnie Janes and family of Buckholts.

Mrs. Ella Fuessel, Miss Paula, Alex, Freeman and Hugo Fuessel, Mrs. Laura Zander, Miss Lucille and Willard Zander of Burlington, Mr. and Mrs. Emil Kluge, Mr. and Mrs. John Teske of Houston, Mr. and Mrs. Max Rinn and Miss Agnes Rinn of Sharpe, Mr. and Mrs. Walter Wernecke of Thorndale, Mr. and Mrs. J. T. Howard and daughter, Mr. and Mrs. Louis Splitgaber, Mrs. Joe Wilson and family, Mr. and Mrs. Frank Howard and family of Belton, Otto Seibert of Cameron, and Jesse Ray Applin of Sharp.

The honoree was the recipient of many useful gifts.

Sylvia Snell Flies to America to Wed Victor Vaculin of Ad Hall

Miss Sylvia Snell of Harlow Essex, England and Victor Vaculin of Ad Hall were quietly married at Marak, Monday, June 24, at 7:00 o'clock in the morning. Rev. Ben Holub read the impressive service at the Rectory with only two witnesses present: Henry Vaculin and Frank Dohnalik.

The bride was gowned in a traditional white silk dress fashioned with a tight bodice and a full skirt flaring into a train. Her veil was train-length and fell from a head dress. She carried a sheath of white carnations.

The bride is the daughter of Mr. Sydney Snell, who is an international engineer manager. She also has a sister who is married and lives there. Mr. Snell makes an annual business trip to the United States during peace time, and will visit his daughter here in September.

Mrs. Vaculin is of small stature, pretty, has dark brown hair and eyes — eyes that are amazed at America. "I flew from London to New York, and from New York to Cameron I came by train. Mr. Vaculin met me in St. Louis, and I'm delighted with the country," said Mrs. Vaculin. She says the food is wonderful, but is seasoned too highly (which isn't good for one's health). Everything in England is rationed, and almost everything is scarce. She says England is slowly recovering from the war. Mrs. Vaculin served 27 months in the Women's Land Army. It was during this time that she met and fell in love with her husband who served 35 months with the 8th Air Force in England. Mrs. Vaculin arrived in Cameron on June 12.

Following the wedding a noon-day dinner was served at the home of the groom's parents, Mr. and Mrs. Joe Vaculin at Ad Hall. Around fifty guests were present.

The bride and groom will make their home at Marak where they will be engaged in farming.

Roping Club to Resume Programs Here Sunday

The Cameron Roping Club has been re-organized and will resume their programs Sunday at 3:30 p. m. at the arena in Wilson-Ledbetter Park.

After the program the club will decide on their regular program dates and the hours they are to be staged. Roy Barmore has been elected president and T. C. Lewis has been named secretary.

A new bunch of calves have been purchased. They are under feed and arena training and will be ready for the ropers Sunday.

Mrs. George Graves is visiting her brother and wife, Mr. and Mrs. John Mangum and her son, Tom Graves and wife, in San Antonio this week.

Cameron Bidding For Headquarters R.V.O.S. Now In Convention

A vote to combine the offices of secretary and treasurer and to establish a centrally located permanent headquarters was passed as an amendment to the Farmers Mutual Protective association constitution at the first day of the organization's state convention in the Temple municipal building Monday .

A vote for the location of the headquarters will be made today or Wednesday. Temple, Cameron and Taylor are bidding for the headquarters site.

Previously the headquarters had been at the home of the treasurer and it was pointed out that on one occasion during heavy rains it was impossible to get mail to the headquarters for six days.

J. E. Johnson, mayor pro tem of Temple, welcomed the group in behalf of the city and August Kacir greeted them for the 698 Bell county members of the organization. J. H. Hurta, president, conducted the session.

Monday night the Bell county members entertained the group with a barbecue at American Legion Park.

Cameron Girl Completes Business Course In Record Time at Tyler

Miss Florence Zotz who graduated from Tyler Commercial College in Tyler, Texas, Wednesday, June 19, has set a new record at the college by completing in less that 5½ months an executive secretarial course which takes an average student from 7 to 9 months to complete. Miss Zotz maintained an "A" average in all of her subjects.

Tyler Commercial College was established in 1900 and never before in its history has anyone finished this course in such short time.

The executive secretarial course which Miss Zotz chose included typing, shorthand, bookkeeping, Monroe calculator, comptometer, and secretarial correspondence.

Miss Zotz is the daughter of Mr. and Mrs. O. G. Zotz of this city. She was born and reared in Cameron and graduated from Yoe high school in the class of 1945. Two other members of the family, George Zotz of Palacious and Lawrence Zotz of Goose Creek, also attended Tyler Commercial College.

TEACHERS
(continued from page one)

our schools have been in unfriendly hands too long. It is doubtful if there has been a single practical long range plan for the schools in a half century.

The city can still provide money for teacher pay if [illegible] tax election had carried [illegible] ease of 25c would have been le[illegible]. The city has another $1.00 of tax it can levy because the city somehow, despite the unfriendly who are always in key positions, has managed to grow well beyond 5000 population.

It was not necessary to call the recent election. The school board elected to have the vote. The city council was unwise because it had the money to advance teacher pay and gave it away. The council still has the power to increase teacher pay by either levying the tax or by bringing up the property renditions to where they were 15 years ago.

As an illustration of how the city has failed to modernize itself the tax rolls here are $750,000 less than they were 15 years ago. Property values have more than doubled in that period still the city council, year after year has named an Equalization Board that has simply followed in the same old furrow. Consequently we have the same kind of government, the same kind of teacher pay, the same waste of tax money and the same old streets with no lighting; the same inadequate sanitation; the same filth; the same old buildings; the same law and the same implied, withered thinking.

Cameron could not be more orthodox in its thinking than if we had thought police.

Little Miss Joan Kossmann of Minneapolis, Minn., arrived on Wednesday to spend two months with her grandfather, E. S. Miller of Rogers, Rt. 2, and her aunt, Mrs. John Matyastik of Clarkson.

TORNADO
(continued from page one)

door open and we started down the stairs. The roof had caved in over the stairs and we walked down more bricks and stones. By that time the couple below us were out. After getting me out Bobby rushed back up the stairs to see what had happened to Mrs. Chester, an old lady, 71, who lived in the apartment across from us. He broke down her door and went in, found her trapped and screaming. She had been hit on the head but not seriously hurt. The man below us and an outsider helped Bobby bring her down. They put her in a car that was parked in front of the building and luckily the tornado had only knocked out the back window.

By now the crowd had gathered but everyone was out. There were only the six of us at home. We all escaped. I only got a little glass cut on the finger and Bobby had glass cuts in his hair. We were fortunate to have fallen to the floor in the spot where we escaped injury for had we gone down any other place we would have been crushed to death.

"We talked to the manager of the theatre last night and they are still expecting the remainder of the theatre to fall and if it does we won't have a thing left.

"The tornado was formed just outside River Rouge and the first place it hit was the Baptist church and it was completely demolished. People watching it said it hit the church with a straight downward blow and then bounced up, striking the Lancaster theatre, mostly on the top part spreading its roof on top of our apartment. Then it swept over us across Lake Erie and into Canada where it really did damage. By that time it had picked up speed and doubled in size. Had it struck River Rouge that strong, it would have been wiped out."

Mrs. Carr said that after the excitement was over, that her husband, who is an overseas veteran, went on to the lodge, with torn clothing and stained by the tornado dust, much as after bomb raids in Europe ,and received his degree.

CONTRACT DRAWN FOR AIRPORT LEASE HERE

Plans to put the Municipal Airport into operation under CAA rules are well advanced and a contract has been drawn to be submitted to an experienced operator at Marks, Mississippi.

The city council was in special session Wednesday afternoon to try to close the deal for an airport manager by lease. Liberal terms were to be made in order to get the property here in operation under required standards.

Mayor A. W. McCullin, who has made a special study of the operation of municipal airports has submited the form of the airport lease used at Taylor.

The municipal airport site was purchased by bonds voted and funds are on hand to build a hangar.

Louis Unger Is Back With Horstmann Bros.

Louis Unger is back with Horstmann Brothers garage and tire store in Cameron.

He left the company here in 1942 and has had a great deal of valuable training and experience since that time.

Mr. Horstmann said early Tuesday that he will be able to give better service on air cooling units since Mr. Unger has returned. He was doing this type of work when he left in 1942.

Service on these types of coolers is important and Mr. Horstmann is glad to have his force increased by Mr. Unger's return.

Buckholts Legionaires Stage Celebration on Sunday; Big Success

The Buckholts American Legion Post No. 519, commanded by Gordon Kahler, has succeeded well in their first public entertainment.

The picnic and social was given Sunday at the S.P.J.S.T. Hall in Buckholts. A delicious barbecue dinner was served from 11 to 2 p.m. The dancing began at 2 p. m. with music by Happy Dan.

Many from Cameron attended the entertainment and early Monday members of the Post said the day was an outstanding success.

Democrats Here Say Party Should Govern; Laws Are Frowned On

Milam county Democrats in session here Monday, June 17, requested a petition to the State Committee asking that the party in Texas institute regulations to gevern its own affairs.

The reason for this petition is the recent decision of the United States Supreme Court and decisions by the State Supreme Court, the former admitting negroes to the primaries and the latter holding that bolters are good Democrats.

The members of the Milam County Democratic Executive Committee hold the view that since the Supreme Court has held that Texas makes the mistake of enacting laws to govern a political party, thereby making the party a part of the state, the party should go back to regulating its own affairs.

The committee does not want the convention system but does want the State Committee to lay down regulations. In this way negroes may be kept out of the primaries, if so ordered, and men who bolt the ticket can be kept off the ballot.

The legislature can make no law discriminating against any man because of his color or creed. That is why the negroes can now vote in the primaries.

New Business Opens In Cameron Monday

A new business—grocery, market and service station, with eats served, has just opened in Cameron.

Mr. and Mrs. Melvin Huebner announce the opening of their new business located on Highway 77 next to the new home site of the Burkes-Howard Company. They recently completed a two-story building with the lower floor being devoted to their business.

They have a grocery and market and service station and a lunch counter to serve hamburgers, sandwiches and ice cream. A large new display refrigerator lends an ultra modern touch to the business and also they have installed a deep freeze container.

Mr. Huebner was in the same business at Sommerville before moving to Cameron. Mrs. Heubner is the daughter of Mr. and Mrs. H. H. Daniel.

Pie Without Baking New Kellogg Recipe

From the Home Economics Department of the Kellogg Company in Battle Creek comes news of a perfect summer dessert. It is a pie that is made without baking. The secret lies in the Corn Flake crust which is chilled instead of cooked!

A boon to a busy housewife who can't bear the thought of turning on the oven on a hot day. The Corn Flake crust is a joy to the inexperienced cook. No special care need be taken in making this crust. There is no danger of over-handling the dough as there is when a crust is made with flour.

The method is simple as ABC. Four cups of Kellogg's Corn Flakes are crushed into fine crumbs and combined with 1-3 cup of melted butter or margarine and ¼ cup of sugar. These ingredients are mixed well and then pressed evenly and firmly around the sides and bottom of a pie pan. Place in refrigerator until thoroughly chilled. (Save two tablespoons of mixture for topping).

For a real company dessert, fill the crust with a quart of ice cream and sprinkle with Corn Flake crumbs and grated chocolate. Serve at once.

Another perfect filling can be quickly made from one of the prepared pudding mixes. A layer of whipped cream on to pie adds a gala finish.

Store Compounds

Keep insecticides, lye, ammonia and poisonous or injurious cleaning compounds out of children's reach, preferably in locked cupboard.

Food Energy

Honey is an excellent source of readily available food energy for growing children.

Heart Disease

Heart disease causes more deaths today than any other disease. The reason for this is that people are living longer.

Famed 'Keystone Kop' In Screen Come-Back

Chester Conklin, film funnyman of silent days, is back before the Hollywood cameras. Conklin, who won fame as a Keystone Kop and for his slapstick antics in such early films as "Tillies Punctured Romance," makes his come-back in "The Hoodlum Saint," starring William Powell and Esther Williams on the Cameron Theatre Thursday and Friday.

During production, Conklin brought some of his stills from his old silent pictures to the set as a laugh for the cast and Director Norman Taurog who, incidentally, had directed him in some of the early silents.

"One still in which I am wearing a shako is particularly prophetic," says the comedian. "That picture was made during World War I, and in it I played a German general. Who could guess then that a guy named Goering would steal my thunder as far as the medals were concerned!"

V-Mail to Britain

The signal corps V-mail section in the United Kingdom handled a total of 517,000,000 pieces of V-mail during the period June, 1942, to August, 1945, the war department reports.

CAMERON NEW BAKERY WILL FEATURE FOUNTAIN

Fred Jackson now busy remodeling his building at 206 North Central avenue, says that his new bakery will include a fountain with soft drinks and coffee with doughnuts and pastries.

This feature is considered to be in keeping with modern trends in bakery and pastry shops.

The building will be elaborately finished and the fixtures are both colorful and costly. When finished the shop will brighten up a dull section of the block, a most welcome development in Cameron.

Mr. Jackson has had a great deal of experience. He was at one time in charge of the baking department at the Baker Hotel in Dallas. He is a veteran of World War II.

He is to award a prize for the best name submitted for the new bakery. Those who wish to compete should mail letters to him or to The Herald.

Yanks Capture Mystery Woman 'Tokyo Rose'

Paramount is bringing an exciting headline story to the screen when "Tokyo Rose" comes to the Cameron Theatre Saturday. This is a movie account of the notorious mystery woman whose honey-voiced chit-chat over the Jap radio threatened to undermine the morale of American fighting men in the Pacific theatre of war. With sly innuendo, she attempted to break their ties with those near and dear to them back home, make them feel they were being deserted by their loved ones. This insidious type of propaganda was unprecedented in history and caused wide comment from the press. Now that the war is over and "Tokyo Rose" has been surrendered into allied hands, her story can be told—and it is indeed a remarkable one. The picture stars Byron Barr, Oso Massen, Don Douglas, Richard Loo and Lotus Long in the title role.

"Tokyo Rose" traces the infamous career of this American-born woman who turned traitor to her native country. It tells how a band of courageous Yanks interned in Nip prison camps join forces with the underground to track down "Tokyo Rose" at her hideout. The leader of this group is played by Byron Barr, a comparative newcomer to the screen. And, according to reports, young Barr plays the role to the hilt. The script was adapted by Geoffrey Homes and Maxwell Shane from an original story by Whitman Chambers. It is said to be a neat job — thoroughly permeated with mystery and suspense.

According to preview commentaries Pine-Thomas' "Tokyo Rose" is a humdinger of a thriller — a story stranger than fiction based on one of World War II's most amazing personalities.

Two Gals in Race For Bill Powell

Two of Hollywood's most exciting young feminine personalities, Esther Williams and Angela Lansbury, provide the love triangle in the new high-voltage M-G-M romantic drama, "The Hoodlum Saint," coming to the Cameron Theatre Thursday and Friday.

With William Powell in the unusual characterization of an ex-army captain who starts a "crusade" to devote the profits of a nefarious enterprise to the saint, with unforseen and startling results, "The Hoodlum Saint" rates as one of the most likely to be talked about pictures of the current season.

Esther Williams, lovely blonde streamlined swimming champion of a few years back, who recently played roles in "Thrill of a Romance" and "Ziegfeld Follies of 1946," is seen as Kay Lorrison, niece of a big newspaper publisher, whose interest in Powell overrules all other feelings until she is faced with an all-important decision.

Angela Lansbury, who provides sizzling competition for Esther, is in real life a young English girl sent to this country by her family during the London blitz of 1942. Embarking as an unknown on a theatrical career, she made such headway that her first full-fledged movie role, as the cockney maid in M-G-M's "Gaslight," brought her a nomination for an Acadamy Award.

Brown Trapped in 'Haunted Mine'

Johnny Mack Brown is sent on one of his most thrilling and mysterious experiences when he investigates "The Haunted Mine," in Monogram's latest western drama due Friday and Saturday at the Milam Theatre. Raymond Hatton is featured as the star's right-hand man, who assists him in what is promised to be one of the best action hits in which the pair have appeared thus far.

A mysterious drowning in a supposedly haunted mine accounts for Brown and Hatton being put on the job by their chief to investigate the affair. They soon learn that the woman owner of the abandoned mine is being threatened with destruction of her life and property is she refuses to give up her ownership to a band of outlaws who have discovered gold in the mine. Brown and Hatton go through a number of hair-raising adventures as they thwart the cunning desparadoes in their vicious plan.

Included in the supporting cast are Linda Johnson, Riley Hill, John Merton, Raphael Bennett, Claire Whitney, Marshall Reed, Bob Butt, Terry Frost, Lynton Brent and Leonard St. Leo. Charles J. Bigelow supervised the production, while Derwin M. Abrahams directed the screenplay based on a story by Elizabeth Burbridge.

Markham Cleaners To Open Here Monday

Markham Cleaners will be open for business here Monday, it was announced early Saturday by Calvin Markham, owner of the new plant.

The plant is located at 111 East 5th street. New machinery and equipment has been installed and the plant is modern in every detail. Mr. Markham said the plant will be operated by expert and experienced personnel. Miss Loraine Fritz, formerly of Temple and Delamon Hayes of Cameron, are to be in the plant.

Mr. Markham had the plant in operation Saturday to test out all the equipment. He will be ready to operate to full capacity Monday and to receive clothes in unlimited quantities.

The new plant will give the city added and badly needed facilities.

'Blue Dahlia' Roles Fit Stars Perfectly

Every so often, out of Hollywood comes a picture so well performed that it appears as though the roles were intentionally written to fit the personalities of the cast. And, in the case of Pardmount's "The Blue Dahlia," which shows Sunday and Monday at the Cameron Theatre, they were.

The three stars, Alan Ladd, Veronica Lake and William Bendix, plus the more important featured players, Howard da Silva, Doris Dowling, and Tow Powers, were all studied beforehand as to their personal characteristics and previous portrayals. Then, Raymond Chandler, famous for his many best-seller murder mysteries and for his film adaptation of "Double Indemnity," wrote his first original screenplay around the cast. The result is said to be one of the most dramatic thrillers ever to shock an audience.

"The Blue Dahlia" is reported to be an action-packed melodrama of murder and mayhem, in which Alan Ladd battles both sides of the law in an attempt to prove himself, and his pal, Bendix, innocent of a slaying of Doris Dowling, Ladd's faithless screen wife. Between scraps he treats Veronica Lake to some traditional Ladd love-making.

Mr. and Mrs. J. B. White and Mrs. Tom White and son, Jeffrey Allan, visited Mr. White's parents, Mr. and Mrs. W. A. White in Nixon over the week end.

Price Daniel, People's Candidate For Attorney General, War Veteran

Price Daniel, Liberty attorney who is running for Attorney General, was among ex-servicemen honored last Friday in Corpus Christi at a banquet given by the Texas Press Association. Gov. Coke Stevenson and Mrs. Oveta Culp Hobby, executive vice-president of the Houston Post, spoke at the dinner.

Daniel, past Speaker of the Texas House of Representatives and co-publisher of the Liberty Vindicator, entered the Army in 1943 as a private. He was discharged less than two months ago. His candidacy for Attorney General was filed in his absence with a petition signed by more than 1000 of his friends throughout Texas.

In his hard-hitting campaign to become the people's lawyer, the 35-year-old candidate covered the Rio Grande Valley the first half of this week and traveled up the State to East Texas.

Daniel contends that Texas needs an Attorney General who not only possesses legal qualifications but also has a well-rounded knowledge of the State Government in general. He is citing his experience as a lawyer, his service in the Legislature and his record as Speaker as evidence that he will be able to serve the people well as Attorney General.

"I am running on my own name and my own merits," Daniel said in a statement this week: "My campaign will be vigorous and, so far as is possible, I shall carry my appeal directly to the voters in every town I visit."

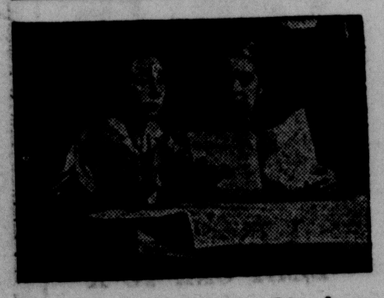
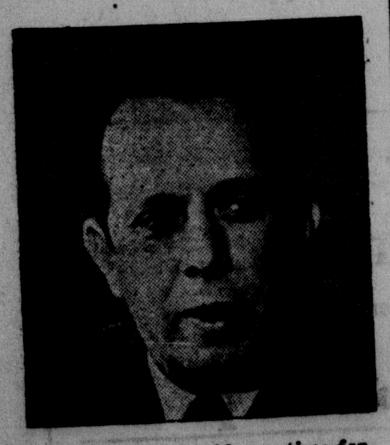
Mexico Looks Ahead



Among the forward-looking laws instituted by Mexico's progressive leaders is the government order that each literate person shall teach at least one illiterate to read and write, says the March of Time film, "Tomorrow's Mexico." Books have also been brought within the reach of all. Thus a population which a few years ago was nearly fifty percent illiterate will soon be able to read and write, thanks to the government campaign.



From Mexico's able wartime foreign minister, Ezequiel Padilla, U. S. officials received the friendliest kind of cooperation, says March of Time's "Tomorrow's Mexico." And U. S. railway experts, rehabilitating Mexico's transportation system, greatly aided her struggle toward economic progress. It was Padilla's work in helping to line up Latin America against the Axis that won for Mexico a leading position in hemispheric affairs.

OFFICERS ARE NAMED FOR COUNTRY CLUB

Dr. T. Leland Denson was elected President of the Cameron Country Club at the meeting of the Board of Directors held in his offices at the clinic Monday and Albert Collins was named secretary and treasurer.

It was the first meeting of the Board of Directors named last week by ballot of the members of the newly organized club.

The club members have leased the old country club property from Oxsheer Smith for 10 years with an option for another ten years. Memberships are being sold at $100 each and the club now has about 80 members. Plans are to enlist 100 members, or as many as possible.

The following have been elected directors: Frank Cheeves, W. C. Wallace, A. W. McCullin, Dr. T. L. Denson, Franklin Dusek, Walter Sharpe, Oxsheer Smith, Albert Collins, Lester Williams, P. W. Davis and Bob Terry.

Membership dues are $4.00 per month and drafts will be drawn at once for the first quarter, June, July and August.

Plans call for beginning construction on a club house and a house for the caretaker in 60 days. Some material on hand will be available and the club house foundation is intact, the old one having been destroyed by fire several years ago.

Kenneth Flanders, who was former caretaker at the Temple Country Club, has been employed and has started supervision of the property.

Recreation facilities will be provided for golf, tennis, fishing, picnicking and barbecue.

Since the property is under lease notice is given that no one but members will be allowed on the club grounds.

Concessions are yet to be let. Through the sale of drinks, eats and a small store, the club hopes to recover on its overhead and to give the caretaker the concession rights.

Mr. Collins said that a portion of the golf course has already been restored and is now ready for use.

INSECTS THREATEN TO WIPE OUT CROPS HERE

The heaviest infestation of boll weevils and flea hoppers in the past five years has hit the Milam county cotton crop, according to J. W. Stufflebeme, Jr., county agent. Some of the fields of earlier cotton have a 90% infestation of weevils and flea hoppers have caused considerable damage.

Farmers should begin dusting cotton when 10 to 25 per cent of the squares have been punctured. Dust with 5 to 7 pounds of calcium arsenate to the acre if only weevels are present, and if both weevils and flea hoppers are present, dust with 12 to 15 pounds of a mixture of one part calcium arsenate and two parts sulphur. Repeat in four or five days until are controlled. Redust if calcium arsenate is washed off in 24 hours. The poison can be dusted at any time of day or night when the air is still, and it is not necessary that plants be wet with dew when dusted.

Several of the local business houses are handling poisons, but the supply of calcium arsenate will be limited this year. Farmers are urged to purchase the amount needed at the earliest possible date.

If further information is desired, contact the County Agent's office in Cameron.

RVOS CONVENTION OPENS IN TEMPLE ON MONDAY

The four-day state convention of the R.V.O.S. opened in Temple Monday, June 24.

Mr. and Mrs. F. A Marek of Cameron left early Monday for Temple to attend the convention of the Farmers Mutual Protective Association of Texas. Mr. Marek is vice president of the Texas organization.

Approximately 200 members are expected to be in Temple for the convention. It is the first state convention since 1941.

The organization known as the R.V.O.S. started in Bell county on April 6 ,1901 as a county mutual fire insurance organization and now has 140 subordinate lodges over the state doing a $22,000,000 annual business.

Cameron and Milam county are interested in the proceedings of the convention since so many of the members are residents here and since two Milam county citizens are high-ranking officers of the asosciation.

Officers of the R.V.O.S. are: J. H. Hurta of Houston, president; F. A. Marek of Cameron, vice president; Jos. Slavik, Sr. of Marak, secretary; John Hanacek of La Grange, treasurer; and George E. Kacir of West, attorney.

EGG GRADING PLEDGES BIGGER FARM INCOME

The poultry meeting was attended by approximately 30 poultry farmers with two poultry specialists from A & M college explaining the program. They were F. Z. Beanblossom, poultry marketing specialist, and Sam Moore, poultry husbandman.

There has been some interest shown by producers in an egg grading program and this meeting was to determine the interest and to explain the program fully. Wholesale dealers and grocerymen were also present.

If an egg grading program can be worked out in this county, it will mean, on an average, about $1.00 per case for the farmer above current receipt eggs. This means, taking Milam county as a whole, thousands of dollars added income to Milam county farmers.

The meeting last night will be followed by community meetinges, and from all indications the program will be successful. Several dealers are now handling eggs on a graded basis and we believe others will join the program later on.

Thanking you for your interest in this work, I am

Very truly yours,
J. W. Stufflebeme, Jr.,
County Agent.

Help the Firemen

The Cameron Volunteer Firemen are confronted with various problems in exercising their duties as firemen in the City of Cameron. All citizens not belonging to the Cameron Fire Department are urgently requested to respond and cooperate in every way possible to this appeal for this support. The members of the fire department are strictly volunteers, sacrificing their time, damaging their clothes in many instances, and endangering their lives, to be of service for the welfare of lives and property in Cameron and its vicinity, and should have your consideration.

Refrain from using your telephone at least ten minutes upon the sound of the siren, because so many citizens not connected with the department, and especially children immediately want to find out where the fire is, thereby causing too much delay to the firemen who are wanting to find out where the fire is, when the telephone operators cannot answer them promptly due to this rush for information about the fire.

We have sufficient firemen who are trained, so don't crowd around a fire, if it becomes necessary, those in charge will call for extra help. Please park your car to the side of the street after the fire truck passes, until the firemen can get a chance to get to the fire and not be delayed by so many cars with citizens who are not firemen, you can not be of any help, but the firemen can. Also park your car at least one block from the fires.

Unless the citizens refrain from parking their cars too close to the fire plugs, action will be taken to impose heavy fines to these parties. This is serious. Failure to reach a fire plug because a car is parked too close, will result in heavy loss by fire by losing too much time to remove a car.

The firemen can only render you a most efficient and prompt service when the citizens of Cameron will give their support by observing these above-mentioned regulations.

RALPH MICHALKA, Fire Chief.

How women *and* girls *may* get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1 Taken like a tonic, it should stimulate appetite, aid digestion,* thus help build resistance for the "time" to come.

2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

Days Of Old West Return in New Film

Another thrilling "Hopalong Cassidy" adventure comes to the Milam Theatre Thursday with the showing of the latest Clarence E. Mulford western, "Call of the Prairie," featuring William Boyd, Jimmy Ellison and George (Gabby) Hayes.

Based on the Mulford book this new western action drama is an unusual story of a man's efforts to prove his innocence against untold odds, apparentily forsaken by his friends, virtually an outcast.

Suspense, uproarious comedy, and tense drama, together with hard riding and fast action, marks this latest Mulford western as one of the most exciting of the current "Hopalong Cassidy" series to reach the screen.
